## Timecards

Timecards can be found in end of Road Book (exemption from Supplementary regulations)

## Time Controls

At the time control (TC) stations, we follow the instructions given by AKK (Finland ASN) and thus avoid contact between TC personnel and competitors.

- the moment of presenting the timecard is the time when the competitor pair shows the timecard for the official to see
- The TC personnel will display the given time clearly written
- the competitor pair must record it on the timecard themselves and show the recorded time to the TC staff
- if the competitor accidentally makes an incorrect entry on his timecard, he adds his initials next to the entry and shows the timecard to the TC staff, who records the entry in the TC protocol
- if the special stage has to be interrupted or the sending of the competitors to the special stage is delayed for some reason, the competitors in their turn must normally go to get their own time entry by showing their timecard to the TC staff, at the moment they want their arrival to be recorded

## Service and re- grouping

There is one Service Park in the competition, which is located at Joensuu Trotting Track, address: Linnunlahdentie 5. Maintenance is carried out three times during the competition (classes 1–8 and 14–19) and once (SERVICE C, classes 9–13 and 20–25).

SERVICE A, possibility to change tires after SS 1, included in the transition time, approx. 10 min.

SERVICE B Before the start of part 2 of the rally. Service time 15 min, included in liaison time TC 1D (PF OUT) – TC1E (Start part 2.)

SERVICE C after SS5 between TC5C-TC5D.

Classes 1–13 Service time 30 min, "flexiservice" and an assembly break of 1–30 min.

Classes 14–25, Service time at least 30 minutes.

In the service park and in HQ, there is no space for recce cars or other than permitted service cars and racing cars. Re- grouping is in SERVICE C (so-called FLEXI service).

The service cars must have a competitor-specific fire extinguisher and mat to prevent any oil leakage ready for use, and a liquid-impermeable cover under the race car at least the size of its bottom surface. There must also be a protective cover impermeable to liquids under the external unit and other containers containing fuel. The driver pair is also responsible for the cleanliness of their service area during and after the race.

## **Park Fermé**

In classes 1-8 after SS2 competitors needs to drive to Park Fermé through PF IN / TC2. Early arrival allowed. No service after SS2. Park Fermé is in Parking hall, and drivers needs to leave as soon car is left there. On Saturday morning entry at most 10minutes before own PF OUT / TC2D time. Times are published in Bulleting board. PF OUT opens 17.06 at 08:55.

After PF OUT is possibility for service, 15minutes. That time is included to liaison time TC2D -TC2E.

## **Slowdown zone in SS 4/7**

In special stage 4 and 7, in 2.92km from start, there is a slowdown zone according to SK2023/rally regulations 23.6.2.

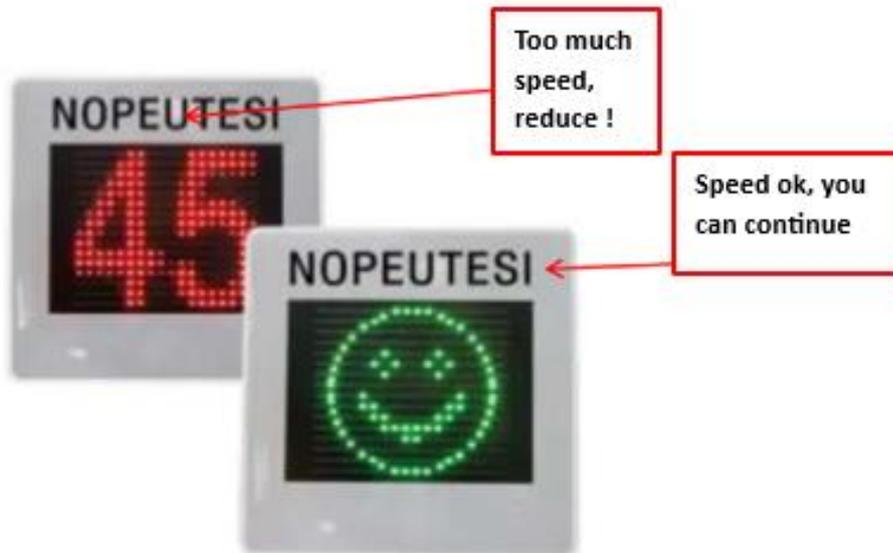

This means a 50-meter-long area during which the speed must be temporarily reduced to 40 km/h. This area is marked with lines. In the road book with warning signs (100m before). In addition, there is an "advance warning" 200m before the destination.

There are 2 speed display boards that show the speed as a number when the speed is OVER 40 km/h.

When the speed is 40km/h or less, the board shows a green smiley face.

A smiley face is a sign that you have slowed down enough, and you can press pedal to the metal. (It is enough that one of the boards shows a smiley face)

See picture below:
