4. GENERAL INFORMATION

The rally will organized based on ASN (AKK-Motorsport) regulations, Historic Rally Trophy and Historic Regularity Rally Regulations, and the regulations of 22nd Peurunkaralli, of which AKK-Motorsport has approved with visa 5/RA/25. Regulations are published also in English; in case of any dispute, the Finnish version is determinative.

Total distance of the rally route is 117 km, including 5 Special Stages. Total distance of the Special Stages is approx. 51 km.

If a competitor or his/her respresentative is met prior to his/her starting time on the roads used as Special Stages in the rally, marked yellow, gray or black or unmarked roads in the road map of Finland in the areas of Laukaa, Äänekoski or Konnevesi, the competitor will be prohibited to participate in the Rally.

The Rally follows the regulations of the Finnish Center for Integrity in Sports (FINCIS), which can be founded on website: suek.fi, and in the legislation regarding doping.

The cars can use seats and seat belts that comply with FIA standards, the validity date of which is not decisive. The condition of the seats and belts must be first-class, and their condition will be checked during the safety inspection.
