

Welcome to compete in the Pro Estore Nordic Trial competition at Raisio Motorsports Centre.

The address of the track is **Vanha Raumantie 147, Raisio.**

The competition starts on both days **at 11:00.**

37 teams registered by the deadline for the SM/PM classes and 7 for the HS class. All were accepted to participate in the competition.

Possible changes: **Jarno Puumalainen, +358 400 535302**

A few instructions and notes regarding the organization of the event - please read carefully:

Competitors will be given materials and weekend wristbands at the competition office upon registration. Wristbands must be worn throughout the weekend. 2 driver and 2 service wristbands.

Maintenance personnel must arrive at the competition site at the same time or the driver must provide wristbands for those arriving later at the ticket office.

Ticket price €15.00 / day, €25,00 / 2 days and children under 12 years old are free.

The pit area must have a liquid-proof protective cover in accordance with the rules. There must also be at least cardboard under the service car, as well as an absorbent mat intended for preventing oil damage. Each pit area must have at least one fire extinguisher / racing car. 1 service car / racing car.

The pit is filled in the order of arrival. The pit is filled as tightly as is safe, no "inner courtyards" are allowed to be left in the pit areas. Follow the instructions of the pit manager or other organizer's representative. The competitors' trailer park is located on the left side when entering the area, with steering on site.

The place for hazardous waste is marked separately by the pit. Open fires are prohibited. The notice and scoreboard is next to the buffet in the pit. Information and additional regulations can be found there, as well as the **sportity** application. The competitor is obliged to check the competition-related matters there.

Driving style

Off Road sport rules and Finnish Championship series rules 2026. The driving order will be announced at the drivers' meeting, as will the competitors' starting section. The total time for the competition is 11:00-18:00, during which all sections must be driven. There are 5 sections, which are driven TWICE. The competition card will be exchanged for a new one during the competition break (after five section driven). The competition management may extend the competition time for any reason it deems necessary. There is no separate repair time in the competition. Refueling of cars is only allowed in the pit area. The finish line of the competition must be reached by driving. If you have to stop or there is a major repair, immediately notify the results calculation or the competition management.

Inspection

Inspection will be carried out near the pit according to the competition schedule, and inspection is also possible on Friday.
