**Welcome to the RealPark – Lake City Rally.**

## **1 GENERAL INFORMATION**

### **Greetings from the Clerk of the Course**

For the 5th time the battle for the title of Finnish Rally Champion will be decided in Pirkanmaa. This year the final round for the Finnish Championship will have a new name: RealPark – Lake City Rally. The organizer for the event will be as previously, Tampere Motorsport club, but the Rally HQ will be taken to the city of Lempäälä this time, away from the road construction works that are currently predominant in Tampere city center. This has made it possible to concentrate all functions to RealPark and the Commercial city Ideapark.

There will be a lot of new as well as old acquaintances reappear. A complete new Special Stage at the Commercial City Ideapark as spectator centered event, something never experienced before. The other Special Stages are based on the classic Special Stages of the 1000-lakes rallies, some slightly modified, other the same as last year. In any way, an exciting event is awaiting us.

The battle for the title is still open in many classes. Additionally, on Saturday some National classes will join bringing more spectators to the event.

I hope you will enjoy this exciting event and the beautiful region of Pirkanmaa.

Mrs. Kaisa Hulkkonen Clerk of the Course
