1. WORD FROM THE CLERK OF THE COURSE

Dear SM Pohjanmaa Ralli competitor,

Welcome to the Pohjanmaa Ralli in the capital of Ostrobothnia, Seinäjoki. This year there have still been challenges in the organization of the Rally due to Covid-19 pandemic. **Thus I recommend following the recommendations of THL (Finnish Institute for health and welfare) and our instructions, presented in this guide.**

This year's the route is completely new on Saturday. The start of the rally happens in the market of Seinäjoki (Seinäjoen tori). To improve the Rally operations all functions are centralized in the are of Rengastien Autotarvike.

The refuelling possibilities are located in the ST1 in Rengastie, Neste Jalastuuli and Neste Peräseinäjoki. For the competitors refuelling from their own tanks, there is also a refuelling zone in connection to the service park.

Two Special Stages will be driven on Friday. On Saturday, five Special Stages will be driven and one of them will be driven twice.

All classes will be driving all eight Special Stages of the Rally.

On Sunday afternoon, the Finish takes place in the market of Seinäjoki where also the prize giving ceremony is held.

Partners, owners of the lands and roads, and numerous people working voluntarily are extremely important as they are creating the Rally with us. Cooperation with the authorities, City of Seinäjoki and partners happened in a good spirit and this year we have especially invested in the health and safety of the audience.

I wish a speedy but safe rally for all the competitors and a memorable rally experience from the safe viewing locations for all the audience and motorsport fans!

Please remember social distancing, a good hand hygiene and face masks.

Erkki Hemminki
Clerk of the Course

9. SAFETY SCRUTINEERING AND CAR DOCUMENTATION CHECK

The people attending to the scrutineering are obligated to wear a face mask!

The competitors must book a time slot for the scrutineering at <https://slotti.fi/booking/rallism/> at the latest on 14.6. at 22:00.

The scrutineering is on Friday 18.6. 10:00-19:00 according to the time booked in advance by the competitor.

The scrutineering takes place at Rengastie 21, 60120 Seinäjoki.

The scrutineering ends 10 minutes after the last time booked.

ONLY 2 PERSONS/CAR TO THE SAFETY SCRUTINEERING

At the latest on 16.6.2021 at 22:00, the competitor must provide the following documents scanned or as pictures for scrutineering via email to rallismkatsastus@gmail.com:

- Rally car registration documents
- Scrutineering certificate or certificate of the accepted annual scrutineering
- Both pages of the scrutineering card
- First page of the homologation certification or pass (V, R-Lite or Historic)
- First page of the homologation certification or certification of the safety frame
- First page of catalyst certification

The subject of the email should include competition number and the name of the driver!

When arriving to the Scrutineering, all organizer advertisements and competition numbers must be attached to the vehicle (Instructions in the Supplementary Regulations). At the Scrutineering, all competitors' personal safety gear (helmets, undergarment, Hans, gloves, (driver's) shoes and race suit) will be checked.

The spare parts registered and sealed for the competition (back-up turbo and pop-off) will be checked and possibly measured and sealed during the scrutineering.

Technical check (after the competition) Rengastie 21, 60120 Seinäjoki

In case pop-off valve or turbo needs to be changed during the competition, please contact directly Riikka Raatikainen +**358503598510**

Finnish championship and CUP classes have the possibility to use 10 pieces of tyres in the competition. Tyre bar code form to be filled in is available in the official notice board at www.pohjanmaaralli.fi. The form should be returned primarily via email to rallismkatsastus@gmail.com by the end of the scrutineering (18.6. at 19:00) with the email subject mentioning the competition number.

Chief Scrutineer Riikka Raatikainen +**358503598510**

10. SAFETY TRACKING DEVICE COLLECTING AND RETURNING

GPS tracking devices will be given to the competitors of classes 1–7 ja 14-18 within the delivery of the reconnaissance material and the device must be used during the reconnaissance. In the reconnaissance car, there should be an USB power source for the tracking device and the device should be plugged in during the whole reconnaissance. Each Special Stage, including the once which will be driven twice during the Rally, can be visited only two (2) times during the reconnaissance. The organizer supervises the amount of passages with the tracking device. After the reconnaissance, before their start time for the Rally Section 1, the competitor must relocate the GPS tracking device into the Rally car.

Competitors of classes 8–13 ja 19–22 should pick up their tracking device from the Rally Office one hour prior to their own start time.

On Saturday, the GPS tracking device and its holder can be detached already during the Service D and they will be collected after the Finish TC at Seinäjoen keskustori.

When retiring, the whole device should be delivered to the Rally Office without delay or with the retirement announcement to the TC or demolition car.

11. RECONNAISSANCE

Reconnaissance for all Special Stages is performed on Thursday 17.6. between 15:00-20:30 and on Friday 18.6. between 07:00-18:00. The organizer performs monitoring of Special Stages in advance and supervises the Stages with trail cameras before the reconnaissance starts. The reconnaissance car must have two number identifiers given by the organizer attached (top middle of the windshield and on the co-drivers rear window. They must be clearly visible during the whole reconnaissance. During the reconnaissance there is a speed limit of 80 km/h on all Special Stages unless the speed limit is marked lower by the traffic sign or by the signs installed by the organizers. The competitors should consider the people living by the route and must not endanger other traffic. The organizer forbids driving against the direction of the Special Stage. The police and the organizer will supervise the traffic in the Stages and in the Liaisons during the reconnaissance paying attention to the speed and driving manners. Like the other users of the roads, the supervisors can drive against the Rally direction. Stopping request by the officials marked with the identifiers of the organizer, must be obeyed on the threat of refusal of start. Possible speeding will be informed immediately by stopping. Amount of reconnaissances will be limited to two (2) times on each Special Stage. This applies also to the Special Stages driven two times. Tyres used during the reconnaissance must be according to the traffic code.

NB! Competitor is responsible for damages caused by himself during the reconnaissance.

11.1 To be noted during the reconnaissance

During reconnaissance ALL signs marked to the road book are in place in the Special Stages as follows:

- Turning signs etc. are measured to their right locations and marked with official signs.
- TC-, Start-, Finish- and stop- signs are at their right locations and marked with temporary signs.

11.2 to be noted during the reconnaissance and the competition

The below turning sign can be used in the Liaisons to ease navigation.

12. IMPORTANT – DURING THE COMPETITION

12.1 Start maneuver

So-called light start is used in the Rally. Jump start will be recognized with photocell and it will be notified at the finish of the Special Stage. If the lights won't work for any reason, the start will be done traditionally with a flag.

12.2 Stopping at Special Stage

Using the warning triangle: If a competitor has to stop during Special Stage due to driving off the road or any other reason, warning triangle has to absolutely be placed to warn other competitors.

SOS & green OK

Show the A3-sized red SOS sign to the other competitors and officials if you need help in case of personal injury (medical help). When they see the sign, they will know to call the help. If you see other competitor asking for help, you must stop and help the injured with a threat of exclusion from the event. If you don't need medical help, show the green OK sign to the officials and the other competitors.

Instructions for use of the GPS tracking device can be found at <http://pohjanmaaralli.fi/fi/virtuaalinen-ilmoitustaulu-2/>. Please make yourself familiar with them.

12.3 Retiring

If you have to retire the competition, you should immediately inform the organization via phone +358403264702. In addition, a written Retirement announcement must be given to the Special Stage start, finish, check point or to the demolition car. Retirement announcement can be found on the back side of the time card.

12.4 Discontinuation of Special Stage

If a Special Stage has to be discontinued or cancelled due to accident or any other crucial reason, the Special Stage can be used as a liaison or the detour according to the road book will be used for transferring to the next Special Stage. Rally officials will instruct which way is used.

13. COMPETITION AND SERVICE

The international time card is used at the competition. Exceptionally all three time cards will be given to the competitors at once with other competition materials. The windows shall be kept closed at the TC stations and the official will show the required times through the window. The competitor will mark the time to the relevant section of the time card himself. The time of

presenting the time card, will be that time when the competitor shows their time card to the official through the window – an example of the time card and instructions for use can be found from the official notice board at www.pohjanmaaralli.fi

Kilpailijat ottavat aikakortin 1 käyttöön lähtö AT:lla. Aikakortti 2 otetaan käyttöön AT:lla 2C (Parc Ferme ulos). AT:lla 5A aikakorttiin 2 merkitään saapumisaika ja aikakortti 3 otetaan käyttöön sekä siihen merkitään ihanneaika AT:lle 5B (huoltotauko ulos).

The time card A will be taken for use at the start TC. Time card B will be taken in use at TC 2C (Parc Fermé out). At the TC 5A, the arrival time will be marked into time card B and the time card C will be taken in use and the ideal time for TC 5B (Service out) will be marked into it.

Ideal start times for the Sections of the Rally will be notified according to the schedule in the official notice board.

The maximum delay time is 30 minutes/section of the Rally.

13.1 Start of the Section 1

Start of the Section 1 happens at Seinäjoen keskustori on Friday 18.6.2021 from 19:01.

Before start, the competitors must make sure they have collected GPS-tracking device and Timing device from the Rally Office according to the rules.

At the start of the Rally, there is a gathering area where you should arrive at the earliest 10 mins before your start time. From the gathering area, the organizer will have the competitors driven underneath the starting arc at Seinäjoen keskustori once a minute. Starting list with starting times is published at official electronic notice board at www.pohjanmaaralli.fi.

13.2 Retiring and Overnight Parc Fermé

If a competitor retires in the Section 1 or his/her right to start the Section 1 is denied due to the Scrutineers' proposal, the competitor has the possibility to repair the car and participate in the Section 2 of the Rally. The competitor must give a written notice of their willingness to continue the competition at the latest on Saturday 19.6.2021 at 01:00. Scrutineering will be done to the cars of these competitors on Saturday 19.6. 30 minutes before their start time after TC 2C (Parc Fermé out) at Ravitie 9, 60120 Seinäjoki. Only the cars accepted in the Scrutineering can start for the Section 2. Performance time given for the competitor for undriven Special Stage will be the fastest time of their class +10 minutes. For those retired on the last liaison of the Section 1 of the Rally, 10 minutes time penalty will be given. Overnight Parc Fermé area is used and it is located at Seinäjoen Ravikeskus, Ravitie 9, 60120 Seinäjoki.

13.3 Start of the Section 2

The start list for Rally Section 2 is published in the official notice board at www.pohjanmaaralli.fi on 19.6. at 09:15. The starting order for Section 2 is determined by the starting order for the Section 1. The Clerk of the Course reserves the right to relocate the competitors retired into Section 1 who are continuing in the Section 2.

13.4 Service park and service

There is one Service park used in the Rally.

There is a one-way traffic in the Service Park. The travel directions in and out have changed from the last years.

Friday

- 30 minutes (includes liaison from the Service Park to the – Parc Fermé), Rengastie 28, 60120 Seinäjoki

Saturday

- 15 minutes after night Parc Fermé (includes liaison from Parc Fermé to the Service Park), Rengastie 28, 60120 Seinäjoki
- Regrouping and 60 minutes service after SS5, Rengastie 28, 60120 Seinäjoki
- Approx. 15 minutes after SS8, included in the liaison time from SS8 to TC 8A

Service is allowed only in these areas. In the other areas, only the driver and co-driver are allowed to do any reparations using only the tools that are in the Rally car. Organizer reserves an area from the service park for every competitor according to Finnish rally championship rules. Only one (1) service car for driver/co-driver is allowed at the service park. "Huoltoauto" identifier given by the organizer, must be attached to the windshield of the service car. It must be visible for the whole duration of the Rally.

The Manager of the service area is Reijo Männistö, tel 0500 869460.

We recommend avoiding going to the service areas of the other competitors.

13.5 Refuelling

Refueling is allowed only in the petrol stations/refueling areas marked in the Road Book (also from the own container, E85, FIA- or 2T gasoline). Refueling time is included in the driving time of the liaison.

Please note that cash can't be used in all of the petrol stations mentioned in the Road Book.

Refuelling distances will be notified in the itinerary published in the official notice board.

13.6 Handling fluids in the Service park

Because motorsport has to take environmental matters seriously, we ask the competitors and their crew to pay extra caution handling oils or other fluids while doing service on their cars. In the service cars, there must be a driver-specific inspected 6 kg fire extinguisher which is suited to extinguish fire involving liquids and oil blotting rug ready for use. During service procedures, there must be a liquid proof cover under the race car. Handling fuels in the Service park is only allowed if the car has such malfunction that repairing it requires removing fuel tank and emptying it. This should only be performed under the supervision of the officials. Precautions must be sufficient, and you can only add the amount of fuel which is needed for driving to the refueling area. During this procedure, it's not allowed to do other reparations for the car. In the service area, smoking is allowed only in the designated areas.

14. RESULTS

The provisional classification for Finnish Championship classes will be published approximately since 18:00 in the official notice board. For other classes the provisional classifications will be published approximately at 20:00 in the official notice board. The final classifications will be published after they are approved.

15. FINISH AND PRIZE GIVING

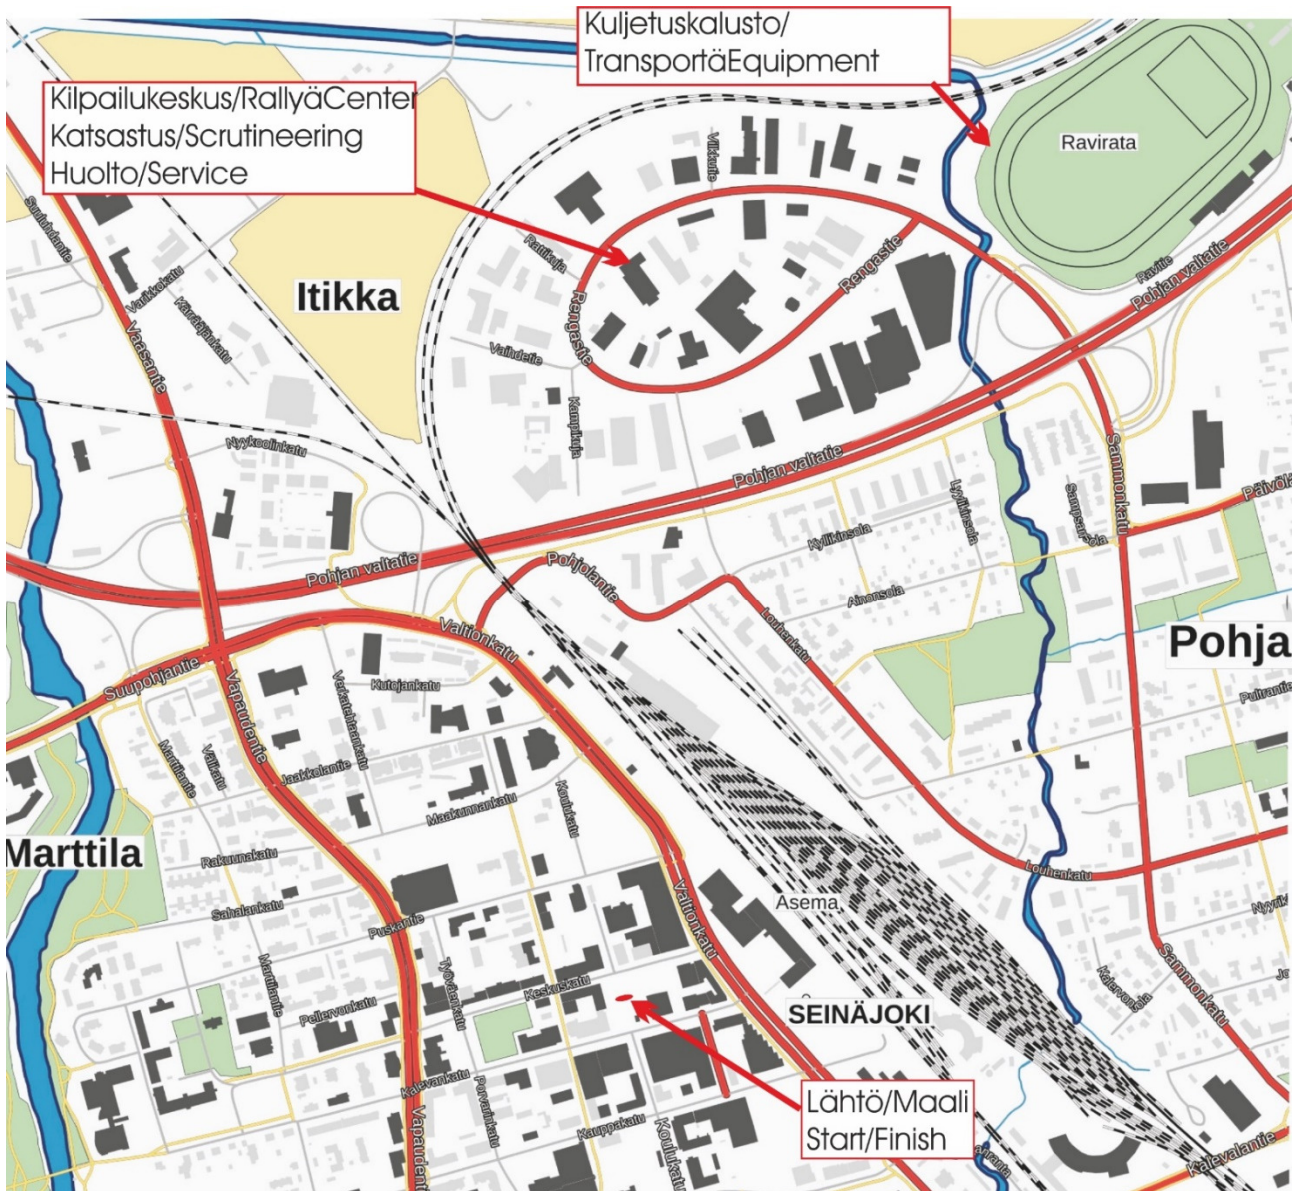

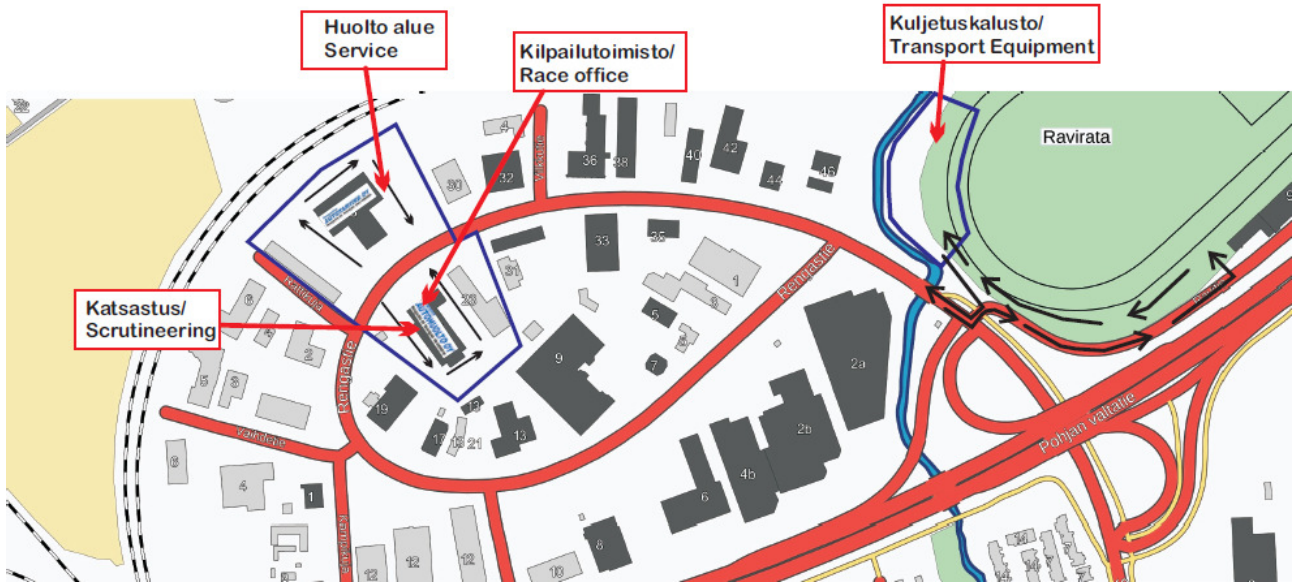

The Finish Arc is located in Seinäjoen keskustori. Before arriving through the Finish Arc, the competitors will be guided to the gathering area where the finish-TC is located. There is also a collection zone where the competitors will be arranged for driving to the podium. Driving to the podium happens only in a supervision of the organizer's representative. All the competitors will drive through the Finish Arc where award winning competitors will exit their car. The other competitors will drive through the Arc without exiting their car.

At the finish, there is no Parc Fermé for any class. Protests on race cars must be done before the car in question arrives at the finish. Protests must be made to +358 400565294 according to the Finnish Championship Regulations art. 29.
