1. WORD FROM THE CLERK OF THE COURSE

Dear ERT/SM Pohjanmaa Ralli competitor and Rally spectators audience,

Welcome to the Pohjanmaa Ralli in the capital of Ostrobothnia, Seinäjoki.

This year the route has changed again, there are new and old sections, and some parts will be driven in the other direction than before. The route crew and safety crew have worked hard for the route. The start of the rally will take place in the marketplace of Seinäjoki (Seinäjoen tori) on Friday 17.6. at 19:01.

All rally functions are centralized in the area of Rengastien Autotarvike similar to the last year. This year the refuelling possibilities are located in Neste Jalastuuli, ST1 Ylistaro and Shell Tamppari Lapua. For the competitors refuelling from their own tanks, there is a refuelling zone within these locations.

Two Special Stages will be driven on Friday. On Saturday, six Special Stages will be driven and one of them will be driven at the very center of the city, where there is also a VIP event. All Special Stages will be driven once.

All classes will be driving all eight Special Stages of the Rally.

On Saturday around 19 o'clock, the Finish takes place in the marketplace of Seinäjoki where also the prize giving ceremony is held.

Partners, owners of the lands and roads, and numerous people working voluntarily are extremely important as they are creating the Rally with us. Cooperation with the authorities, City of Seinäjoki and partners happened in a good spirit and this year we have still especially invested in the health and safety of the audience.

I wish a speedy but safe rally for all the competitors and a memorable rally experience from the safe viewing locations for all the motorsport fans!

Erkki Hemminki
Clerk of the Course

8.3 Parking of the transportation equipment

There is a reserved area for the transportation equipment (trailers etc.) in close proximity of the Service park at Seinäjoen Ravikeskus (Ravitie 9, 60120 Seinäjoki).

The area is available for the competitors from Thursday 16.6. at 18:00.

The transportation equipment is parked to the sides of the area in a row so that the driveway in the center of the area is left free.

Incorrectly parked vehicles will be towed away at the expense of the competitor

There is no guarding in the area.

You are not allowed to bring trailers into the Rally Center/Service Park/Scrutineering parking areas.

8.4 Administrative check

ID of the competitors in Classes 1–12 and 18–26 will be checked within the collection of the reconnaissance materials on Thursday 16.6. at 10:00–20:00 and on Friday 17.6. from 7:00 in the Rally Office (Rengastien Autohuolto, Rengastie 21, Seinäjoki). At the same time, competitors will receive the reconnaissance and competition materials.

ID check of the competitors in Classes 13–17 and 27–31 will be done on Friday 17.6. at 8:30-17:30 in the Rally Office (Rengastien Autohuolto, Rengastie 21, Seinäjoki). The competition materials will be given to the competitors at the same time.

The following will be checked from the person collecting the materials (driver or co-driver):

- driving license or official ID card

The competitors themselves are responsible that all their documents are valid.

THE FORMS TO BE RETURNED IN ADVANCE (CONTACT DETAILS DURING THE COMPETITION AND INFORMATION FOR THE COMMENTATOR) CAN BE FOUND AT <http://pohjanmaaralli.fi/fi/virtuaalinen-ilmoitustaulu-2/>

- competition numbers 2 pcs
- time cards 4 pcs

Road book and route map are also published in the official noticeboard at www.pohjanmaaralli.fi. Password is required to open the documents and the password is: Pohjralli22

9. SAFETY SCRUTINEERING AND CAR DOCUMENTATION CHECK

The competitors must book a time slot for the scrutineering at <https://slotti.fi/booking/rallism/> at the latest on 13.6. at 22:00.

The scrutineering is on Friday 17.6. 9:00-17:30 according to the time booked in advance by the competitor.

The scrutineering takes place at Rengastie 21, 60120 Seinäjoki.

The scrutineering ends 10 minutes after the last time booked.

At the latest on 15.6.2022 at 22:00, the competitor must provide the following documents scanned or as pictures for scrutineering via email to rallismkatsastus@autourheilu.fi:

- Rally car registration documents / transfer permit
- Scrutineering certificate or certificate of the accepted annual scrutineering
- Scrutineering card page 1 and page 2

- First page of the homologation certification or pass (V, R-Lite or Historic)
- First page of the homologation certification or certification of the safety frame
- First page of catalyst certification
- Tyre bar code form (Note! Return only electronically to the above-mentioned email address at the latest on 17.6.2022 at 17:30)

The subject of the email should include competition number and the name of the 1st driver!

When arriving to the Scrutineering, all organizer advertisements and competition numbers must be attached to the vehicle (instructions in the Supplementary Regulations). At the Scrutineering, all competitors' personal safety gear (helmets, undergarment, Hans, gloves, (driver's) shoes and race suit) will be presented by competitor or their representative and checked.

The spare parts (spare turbo and pop-offs) registered for the competition will be inspected and possibly measured and sealed during the Scrutineering.

In case pop-off valve or turbo needs to be changed during the competition, please contact directly Riikka Raatikainen +**358503598510**

Technical check (after the competition) takes place at Rengastie 21, 60120 Seinäjoki. Invitation to the final checks will be given as written invitation at the latest in the Finish TC. The complete original homologation form and other necessary certifications must be available for final checks. A representative of the competitor as well as mechanics with the appropriate tools (in case of dismantling) must be present at the final checks.

It is allowed to use 12 pieces of tyres in all classes of the Rally. Tyre bar code form to be filled in is available at the official notice board www.pohjanmaaralli.fi. Tyre bar code form should be returned only electronically to rallismkatsastus@autourheilu.fi until the end of the scrutineering (17.6. at 17:30) and the subject of the email should include competition number and name of the 1st driver.

Chief Scrutineer Riikka Raatikainen +**358503598510**

10. SAFETY TRACKING DEVICE – COLLECTING AND RETURNING

GPS tracking devices will be given to the competitors of classes 1–12 and 18–26 within the distribution of the reconnaissance material and the device must be used during the reconnaissance. In the reconnaissance car, there should be an USB power source for the tracking device and the device should be plugged in during the whole reconnaissance. The maximum number of passages during reconnaissance is two (2) on each Special Stage. The organizer supervises the number of passages with the tracking device. After the reconnaissance, before their start time for the Rally Leg 1, the competitor must transfer the GPS tracking device into the Rally car.

Competitors of classes 13–17 ja 27–31 will receive the GPS tracking device at the same time with other competition materials.

Instructions for installation and use of the tracking device are available in the official notice board at www.pohjanmaaralli.fi at “Other materials and info”.

On Saturday, the GPS tracking device and its holder can be detached already during the Service D and they will be collected after the Finish TC at Seinäjoen keskustori.

When retiring, the whole device should be delivered to the Rally Office without delay or with the retirement announcement to the TC or Sweeper car.

11. RECONNAISSANCE

Reconnaissance for Special Stages 1–5 and 7–8 is performed on Thursday 16.6. at 10:00–21:00 and on Friday 17.6. at 7:00–18:00.

Reconnaissance for Special Stage 6 is performed on Friday 17.6. at 7:00–10:00.

The organizer performs monitoring of Special Stages in advance and supervises the Stages with trail cameras before the reconnaissance starts. The reconnaissance car must have two number identifiers given by the organizer attached (top center of the windscreen and on the right rear side window). They must be clearly visible during the whole reconnaissance. During the reconnaissance there is a speed limit of 80 km/h on all Special Stages unless the speed limit is indicated to be lower by traffic sign or signs placed by the organizer. The competitors should take into account the people living on the route and must not endanger other traffic. The organizer forbids driving against the direction of the Special Stage. The police and the organizer will supervise the traffic in the Stages and in the Liaisons during the reconnaissance paying attention to the speed and driving manners. Like the other users of the roads, the supervisors can drive against the Rally direction. Stopping request by the officials marked with the identifiers of the organizer, must be obeyed on the threat of refusal of start. Possible speeding will be notified immediately by stopping. Number of passages will be limited to two (2) on each Special Stage during the reconnaissance. Tyres used during the reconnaissance must be according to the traffic code.

NB! Competitor is responsible for damages caused by them during the reconnaissance.

The regroup area before special stage 7 is closed during the reconnaissance. Drive to the special stage 7 via the public roads according to the instructions for reconnaissance in the road book.

11.1 To be noted during the reconnaissance

During the reconnaissance, ALL signs marked to the road book are in place in the Special Stages as follows:

- Turning signs etc. and their warning signs are measured to their right locations and marked with the actual signs.
- TC, Start, Radio, Intermediate medical point, Finish and Stop signs are at their right locations and marked with temporary signs.

11.2 To be noted during the reconnaissance and the competition

The below turning sign can be used in the Liaisons to ease navigation.

12. IMPORTANT – DURING THE COMPETITION

12.1 Start procedure on Special Stages

So-called light start is used in the Rally. Jump start will be recognized with photocell and it will be notified at the finish of the Special Stage. If the lights won't work for any reason, the start will be done traditionally with a flag.

12.2 Stopping on Special Stages

Using the warning triangle: If a competitor has to stop during Special Stage due to driving off road or for any other reason, warning triangle must definitely be placed to warn other competitors.

SOS & green OK

Show the A3-sized red SOS sign to the other competitors and officials if you need help in case of personal injury (medical help etc.). When they see the sign, they will know to call for help. If you see other competitor asking for help, you must stop and help the injured with a threat of exclusion from the event. If you don't need medical help, show the green OK sign to the officials and the other competitors.

Instructions for use of the GPS tracking device can be found at pohjanmaaralli.fi/virallinenilmoitustaulu. Please make yourself familiar with them.

12.3 Retiring

If you have to retire from the competition, you should without delay inform the Rally Control Center via phone +358403759098. In addition, a written Retirement announcement must be given to the Special Stage start, finish, radio point or to the sweeper car. Retirement announcement can be found on the back side of the time card.

12.4 Discontinuation of Special Stage

If a Special Stage has to be discontinued or cancelled due to accident or any other crucial reason, the Special Stage can be used as a liaison or the detour according to the road book will be used for transferring to the next Special Stage. Rally officials will instruct which way is used.

13. COMPETITION AND SERVICE

The international time card is used at the competition. Exceptionally all four time cards will be given to the competitors at once with other competition materials. Car windows will be kept closed in the TCs. The presenting moment of the timecard is the time when the competitor presents the timecard by placing it on the side window of the rally car for the official to see. The official presents the time marking to the competitor clearly with a notepad which will also act as a TC minutes. If a provisional start time is given at the TC, it will also be presented with the notepad. Competitor marks down these times presented by the official independently to their timecard. In case the competitor disagrees with the time presented to them, he/she should clearly indicate it to the official and the official records the information to the minutes. An example of the time card and instructions for its use can be found at the official notice board at www.pohjanmaaralli.fi.

The time card A will be taken for use at the start TC. Time card B will be taken for use at TC 2C (Parc Fermé out). At the TC 5A, the arrival time will be marked into time card B and the time card C will be taken for use and the ideal time for TC 5B (Service out) will be marked into it. At the TC 6A, the arrival time will be marked into time card C and time card D will be taken for use and the ideal time for TC 6B will be marked into it.

Ideal start times for the Legs of the Rally will be notified according to the programme in the official notice board.

The maximum delay time is 30 minutes/Leg of the Rally.

The distances in the road book are measured with Rally tripmeter application.

13.1 Start of Leg 1

Start of Leg 1 happens at Seinäjoen keskustori on Friday 17.6.2022 from 19:01.

Before start, the competitors must make sure they have collected GPS-tracking device and timing device from the Rally Office according to the Supplementary Regulations.

At the start of the Rally, there is a holding area where you can arrive at the earliest 15 minutes before your start time. From the holding area, the organizer will instruct the competitors to drive underneath the starting arc at Seinäjoen keskustori every minute. Start list with start times is published at official electronic notice board at www.pohjanmaaralli.fi.

13.2 Retirement and Overnight Parc Fermé

If a competitor retires Leg 1 or their right to start for Leg 1 is refused by the Clerk of the Course, the competitor has a possibility to repair the car and participate in the Leg 2.

Competitor retired in Leg 1 may restart for Leg 2. The organizer assumes all retired competitors will restart.

If the competitor doesn't want to restart for Leg 2, he needs to notify the Rally Office at the latest on Saturday 18.6.2022 at 01:00. This differs from Finnish Rally Championship Regulations 2022 Article 13.3 Restart after retirement regarding the obligation to notify.

Car of the retired competitor, who will restart, will be scrutineered in the Parc Fermé on Saturday 18.6.2021 morning at 8:00. **The competitor or their representative needs to present at the scrutineering.** Only the cars approved in the scrutineering will be given permission to start in the Leg 2.

For every Special Stage missed, the competitor will be given a time which is the best time of the class +10 minutes. If a competitor retires on the last liaison on Friday, he will receive a 10-minute time penalty.

There is an Overnight Parc Fermé area which is located in Seinäjoen ravikeskus, Ravitie 9, 60120 Seinäjoki.

13.3 Start of Leg 2

Start list with start times for Leg 2 will be published at the Virtual Official Notice Board at www.pohjanmaaralli.fi on 18.6. at 9:00. Start order for Leg 2 will be based on the unofficial results of the Leg 1. The Clerk of the Course reserves the right to replace the retired competitors who will restart for Leg 2.

13.4 Service park and service

There is one Service park used in the Rally. There is a one-way traffic in the Service Park.

Services and Regroupings:

Friday

- Service A 10 min + 45 min (includes liaison from Service park to Parc Fermé) at Rengastie 28, 60120 Seinäjoki

Saturday

- Service B 20 min after overnight Parc Fermé (includes liaison from Parc Fermé to Service park) at Rengastie 28, 60120 Seinäjoki
- Regrouping after SS 5 (max 16 min, minimum 5 min) and Service C 60 min at Rengastie 28, 60120 Seinäjoki
- Regrouping after SS 6 (max 34 min, minimum 5 min) at PowerParkissa, address: Jorma Lillbackantie 111, 62300 Härmä
- Service D approx. 15 min after SS 8 before the Finish of the Rally (included in the liaison from SS 8 to Finish)

Regroup after SS 6 is in the area of amusement park, and it is advertised to the public as a Meet and Greet opportunity. Please be prepared to meet the fans and take with you for example autograph cards or other material to be distributed if you wish.

Service is only allowed in the service areas. In the other areas, only the driver and co-driver are allowed to do any reparations using only the tools that are in the Rally car. Organizer reserves an area from the service park for every competitor according to Finnish rally championship rules (6 x 8 m). Only one service car per driver/co-driver is allowed at the service park. "Huoltoauto" identifier given by the organizer, must be attached to the windshield of the service car. It must be visible for the whole duration of the Rally.

The Manager of the Service park is Reijo Männistö, tel +358 500 869460.

13.5 Refuelling

Refuelling is only allowed in the commercial gas stations or separate refuelling areas marked in the Road Book (also from the own container, E85, FIA- or 2T gasoline). Refueling time is included in the liaison driving time.

Please note that cash is not accepted in all of the gas stations mentioned in the Road Book.

Refuelling distances and locations are listed in the itinerary which is attached to this Rally Guide and is also published in the official notice board.

13.6 Handling fluids in the service park

As motorsport has to take environmental matters seriously, we ask the competitors and their crew to pay extra caution when handling oils or other fluids while doing service on their cars. In the service cars, there must be a driver-specific inspected 6 kg fire extinguisher which is suitable for extinguishing fire involving liquids and oil absorbance mat ready for use. During service procedures, there must be a liquid proof cover under the race car. Handling fuel in the Service park is only allowed if the car has such malfunction that repairing it requires removing fuel tank or emptying it. This should only be performed under the supervision of the officials. Precautions must be sufficient, and you can only add the amount of fuel to the car which is needed for driving to the refuelling area. During this procedure it's not allowed to do other reparations for the car. In the service area, smoking is allowed only in the designated areas.

14. RESULTS

The provisional classifications will be published according to the programme at the Virtual Official Notice Board. The official results will be available at KITI portal and on the following websites: www.pohjanmaaralli.fi and www.ajaksi.fi.

15. FINISH AND PRIZE GIVING

The Finish Arc is located at Seinäjoen keskustori. Before driving through the Finish Arc, the competitors will be guided to the holding area where the finish TC is located. There the competitors will be arranged for driving to the podium. Driving to the podium happens only in a supervision of the organizer's representative. All the competitors will drive through the Finish Arc where award winning competitors will exit their car. The other competitors will drive through the Arc without exiting their car.

From the Finish/Podium all competitors will drive to Parc Fermé according to the Road Book excluding the competitors invited to the final checks. Liaison time is 10 minutes. Parc Fermé will be released by the Stewards.

Have a speedy Rally weekend!
