RECONNAISSANCE

Reconnaissance starts on 12.01.24 09.00 a.m. ja ends on 12.01.24 20.00 p.m. on special stages 1-7 and 9. Special stage 8 reconnaissance time is 9.00-14:00 a.m.

Reconnaissance vehicle IDs provided by the organizer (2pcs) must be attached to the windscreen in the middle up and to the right rear side glass and must be attached throughout the reconnaissance.

Competitors are, under pain of refusal to start, obliged to stop if Officials with organizers' IDs request them to do so.

Reconnaissance allowed only competitors in classes 1-14. If competitors in classes 5-17 or their representatives are found on the route during the reconnaissance, they will be denied the right to compete in the Auto Sorsa Riihimäki rally. The penalty also does not preclude any sanctions imposed by the federation.

Please note that reconnaissance cars are **not** allowed in the service area. Reconnaissance cars may be parked in the Media parking next to the service area with a parking permit. (The permission is shared with the materials.)

The route follows several private roads along which it is inhabited → observe the traffic rules during the reconnaissance so that we can continue to use the roads also in the future!

Please also respect those who live along the route and avoid urinating in TC and departure areas, especially when connecting residential buildings. On Saturday, there are toilets in the departure area of special stages 1, 3 and 8.

SCRUTINEERING

The time of the Scrutineering is reserved from the Slott time booking system

<https://slotti.fi/booking/rallism>

Scrutineering is carried out at Hyria Riihimäki, Sakonkatu 1, map attached. There are also signs from the service area for scrutineering and the start of the competition when driving out of the service car gate.

Go to scrutineering on transfer tires, road-powered tires, the race numbers must be in place. The pre-filled scrutineering minutes is printed there. A possible noise level measurement is performed before entering the hall (103dB(A) at 3500rpm).

At the scrutineering site, instructions are given for the check of the driving gear and the check and sealing points of spare parts, sealing, and marking in accordance with section 10.2 of the serial rules. Driving gear check and spare parts check and sealing are carried out in different premises, be prepared for enough people to present to make the inspections run quickly.

At the end of the scrutineering, the competitor or his representative takes a photograph of the scrutineering minutes, the minutes remains with the organizer.

Tire code form

The tire code form will be returned electronically to rallismkatsastus@autourheilu.fi by 12.01.2024 at 20.30.

CAR WASH

For racing cars, a free hand wash option throughout the race day is provided by Washman, Tehtaankatu 2, Riihimäki. [Washman – Itsepesu 24h | Tervetuloa](#), +358 46 800 0855

DRESS AND SHOWER

On the competition day, there is a possibility of changing of clothes and a shower. In the nearby service area at the Lasitehdas's school. The location can be found on the service area map.

START LIST

The start list is updated to the Sportity and competition's official bulletin board [SM-Ralli - Tulokset \(rallism.fi\)](#)

MEET&GREET

At the start of the competition, the public has been given an opportunity to get to know the competitors at the Meet&Greet event. Parking space is reserved before the start line so that competitors must arrive at the collection area of the start no later than 15 minutes before their own ideal start time. Competitors are asked to follow the officials' instructions in this area.

Seurahuone Group offers competitors the opportunity to warm up and enjoy coffee or glögi in the immediate vicinity of the actual start indoors. There is also a toilet in the same premises.

TIMECARD

The competition is run on an international timecard. A transition period is added to the actual time of departure of the SS to get the time of arrival of the next TC. Each competitor pair is solely responsible for their own time card. Similarly, the competitor couple is responsible for the time of the card presentation and the correctness of the entries. The entries on the time card are therefore made by the officials of the TC station. Competitor hands the official a time card for entries.

The time card is given to the competitors in the starting TC of the competition. The timing transponder is given in the start area before the start TC.

TIME CONTROL PROCEDURES

The inspection event begins when the race car passes the pre-sign of the station. Between the pre-marker and the checkpoint, the competitor pair must not stop the race car or drive deliberately slow. The time check station shall stop only for the time necessary to perform the station functions. The time of arrival can be marked on the timecard only when both the instructors and the race car are at the checkpoint or, in the event of a rush hour, in the immediate vicinity of the checkpoint. The time of arrival at the checkpoint is the moment when the pilot hands the timecard to the station official.

(Finnish Rally Regulations (FRR) 20.3.)

Please also respect those who live along the route and avoid urinating in TC and departure areas, especially when connecting residential buildings. On Saturday, there are toilets in the departure area of special stages 1, 3 and 8.

SERVICE

Service area can be found at Mikontie 1, 11910 Riihimäki, where visited 2 times. The service area is inside the gates. The service area opens on Friday at 12 a.m. and closes at 10 pm. After closing, you can leave the area, but not enter. The area opens at 7 a.m. on Saturday.

Regroup/Service in TC-stations (TC 2A ja TC 5A) the competitor is given a timecard for the start of service. (start time min. within 3 minutes of entry). The timecard should be placed on the windscreen of the race car so that the given times are clearly visible. Service time on both occasions is 30 minutes. Service activities are controlled.

Service vehicles must be equipped in accordance with the series rules (serial rules item 14.5) ready for use and under the race car, a protective cover at least the size of its base area, impermeable to liquids. The absence of any of these results in an immediate decision by the competition director to close the competition.

Please note that reconnaissance cars are not allowed in the service area. (See Rally SM Series Rule 9.2)

A more detailed site map of the service area will be published at Sportity.

REFUELING

Refuelling on the route takes place only at the filling station marked in the road book, from the station's distribution meters (E95, E98). From ABC Karavaani also E85. Refuelling is permitted only from distribution meters.

Refuelling from own containers in the refueling area immediately after maintenance (A and B) and in the intermediate refueling area between EK7 and 8. There is no intermediate refueling in classes 1-4.

Please note that after the service refueling area, access back to the service area according to the directions. (annex service area map, Tehtaankatu - Kolehmaisenkatu - Ilveskatu.)
