16.2 VIRTUAL CHICANES

Two virtual chicanes will be used in the competition due to the requirements of the ELY permit conditions.

Rally Rules 2024 paragraph 23.6. Slow down

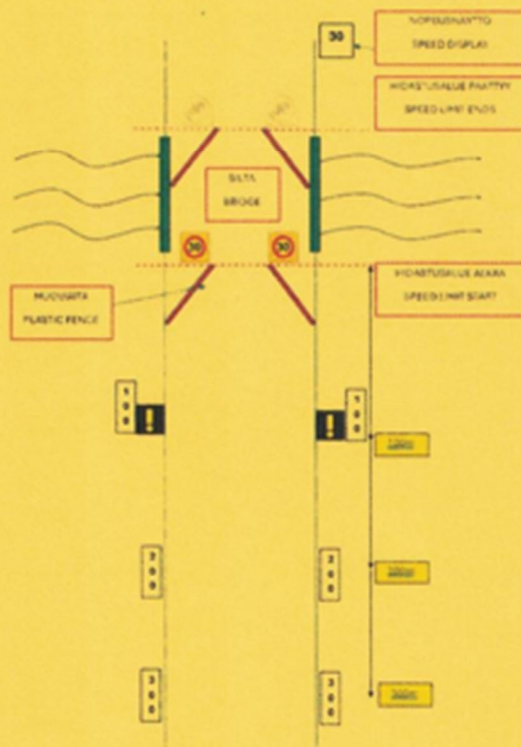

23.6.1. Chicanes

~~If slow chicanes/chicanes are used in a special stage, a penalty of 5 minutes will be imposed for incorrect execution. This time penalty will be added to the competitor's time for the special stage.~~

Fixus SM Rally has the following sanctions with the approval of the rally team:

The virtual chicanes are located in SS3 one track where the speed has to be calculated at 30 km/h and SS6/9 one track where the speed has to be calculated at 60 km/h. Before the start of the area there are approach signs, 300-200 and 100 metres. Speed is monitored at the site by a speed display, which shows speeds above 30 km/h in red on SS3 and above 60 km/h on SS6/9. The numbers on the speed display turn green when the speed has fallen to the permitted level. The speeds are monitored by fact checkers. The speed must be at the required speed for the entire distance indicated, not just momentarily.

- first offence time penalty 30 seconds
- second offence time penalty 5 minutes
- third offence of disqualification by decision of the COC

Arto Pirinen, COC
